

Welcome to Reception Class

We will be your teachers in September.

Mrs Holdsworth and Mrs Hussain

We thought we would share some of the important places where you will spend your time when you start school.

Foundation Entrance

This is where you will come into school and go home. Your teacher will say good morning at the door, and you will come into school on your own where another teacher will be inside to help. At home time the adult who will pick you up will come and wait on the yard for you. When the teachers call your name, you can then go to your adult. You must remember to stay on the ramp and behind the railings until you are told to go. This is very important and one of our rules at school.

Cloakroom

This is the place where you will hang up your coat and pump bag. You will have your face and name on your hook, so you know where to hang your coat and pump bag. Remember to practise putting on your coat and zipping it up. If you are bringing your dinner, we keep your lunch bags in a trolley.

You will change into your wellies when it is playing out time in the garden. You need to ask your adult for a pair of wellies to keep in school.

You will have a red waterproof suit that you can wear when it is wet outside, or you want to play in the water. You will hang your suit on a hook that has your name on. We will teach you how to put on your suit, so please don't worry.

These are the places you will learn and play, inside and out.

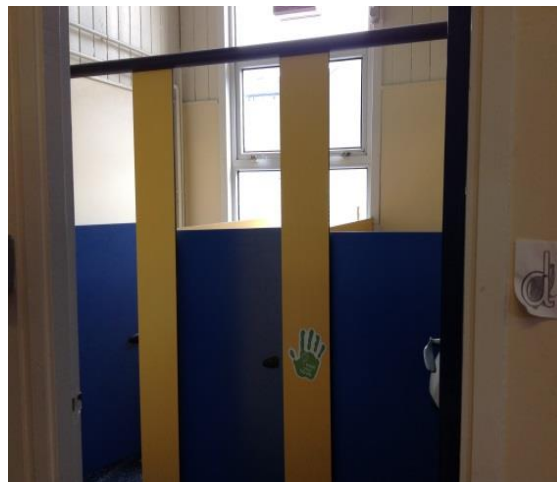

Bathrooms

These are the places where you will go to the toilet in class or where you wash your hands when you enter school, come in from playing out, before dinner or before you go home. We wash our hands a lot. We have hand dryers that are noisy, but you will soon get used to the sound. Remember to practise going to the toilet and wiping your own bottom at home.

Hall

This is the hall where you will change for P.E, go to assembly and have your dinner. Remember to practise dressing and undressing yourself ready for when you change into your school P.E kit. You will also eat your dinner with your friends here. The teachers and welfare adults are there to help if you need them.

Library

This is the library where you will read your reading books and choose books to take home every week.

Care Club

This is the before and after school room where you may come to play if the adult who takes care of you has to be in work, before school starts and/or after school finishes.

I hope you enjoyed looking at some of the places where you will be when you start school in September.

We can't wait to have fun with you. Ask your grown-up to show you Seesaw where you will be able to watch a message from your teacher and look at more things about school before you start.

See you soon.
