

Year 3

Homework

Challenges

There are seven continents in the world. Can you name the highest mountain in each continent and order them from the highest to the lowest?

Using cotton buds can you create a skeleton body. Once you have created your skeleton body. Please can you identify and label the key bones of your skeleton.

As you move up to juniors I would like you to think and write about who are your role models. Who do you find inspirational and what makes them good role models/leaders.

Can you tell me what is a network?

What things do a network enable us to do both at home and at school?

What's your favourite thing to do?

Do you want to earn extra tokens?

Love doing homework challenges?

Why not try to complete the tasks from here to increase your understanding of your learning this term.

Each task has tokens to earn and will be awarded based on the effort you have put in.

Remember to think about the presentation of your work and enjoy yourself.

Happy homeworking! Mrs Swires

Draw a poster showing all the main features of a volcano. Label each feature and write a sentence about each feature.

Eating seasonally, reduces negative environmental effects and supports local farmers.

Can you list the vegetables and fruit that are in season throughout autumn and then choose your favourite and cook a meal or dish with them? Don't forget to post a picture on seesaw before you eat it.

There are seven nutrient groups. Can you name the seven nutrient groups and the benefits each nutrient group has for our bodies?

REMEMBER: You should also try each week to read daily, practise your spellings, time tables and go on Ed Shed every week.

I look forward to receiving your homework and thank you for your continuous support.
